Disclaimer

Southern Gold Sires and the Scott County Fairgrounds are not responsible for any accidents, injuries, theft, or property damage that may occur during the Customer Appreciation Sale event.

Health Regulation Requirements and Health Papers (please thoroughly read through)

An official interstate health certificate of veterinary inspection from state of origin and issued by a licensed accredited veterinarian must accompany each animal. All animals may be listed on one health certificate. THE ORIGINAL HEALTH CERTIFICATE MUST ACCOMPANY MUST BE PRESENTED AND ONE COPY OF THE ORIGINAL CERTIFICATE MUST BE SUPPLIED FOR EACH ANIMAL.

1. Each health paper must show: Name, address, phone number, and Premise ID of consignor and to be consigned to **2018 Southern Gold Sires Customer Appreciation Sale, Scott County Fairgrounds, Scottsburg, Indiana.**
2. **Individual identification of each animal is required. All pigs must have a federally approved ear tag. It is required for every pig to be tagged with an 840 tag (US Shield Tag) as every state recognizes these. If you cannot get these tags through your vet, please contact Dr. Kristen Tormoehlen, 812-358-2047, and she will accommodate you.**
3. **Out of state exhibitors **A permit number is required for all out of state pigs entering Indiana. Out of State Exhibitors will need to have their vet call the Indiana Department of Animal Health at 317-544-2381 and ask for Barb Pierle to obtain the permit number. Indiana residents do not need a permit number.**
4. No testing is required for this sift and sale, since all states are Stage 5 of Pseudorabies (PRV) eradication program. If the animals come from a Pseudorabies qualified herd and from a Brucellosis validated herd, it is required that these numbers and the last test dates appear on the health certificate.
5. It is strongly suggested that all pigs be vaccinated for Swine Influenza, and Circo Virus. These products are available commercially from several vaccine companies. Contact your local vet for more information.
6. All health certificates **MUST carry this updated statement:** Farm or origin of swine has not had any signs or diagnosis of PEDv within the past 60 days, herd is not under quarantine for any disease condition, fed no raw garbage, and uses no PRV vaccine.
7. Remember, an original Interstate health certificate must accompany each shipment and each pig must have one copy of the original health certificate.
8. Address all Health Questions to:
Brownstown Veterinary Service, Dr. Kristen Tormoehlen
